Statement of CPNI Procedures and Compliance

Touch 1 Communications, Inc. (Touch 1) does not use or permit access to CPNI to market any telecommunications or non-telecommunications services. Customers are informed that Trinsic does not use or share CPNI for sale or marketing purposes, and if they desire their account can be flagged to show that the customer has opted out of CPNI. As an additional precaution, the customer is added to Trinsic's internal Do Not Call list to prevent telemarketers from contacting them.

Touch 1 does not use CPNI to market services to residential or business customers. Touch 1 does however incorporate training procedures for educating personnel as to authorized use of CPNI. Any personnel violating CPNI procedures will receive disciplinary action in keeping with Touch 1's disciplinary policies and procedures published in its employee manual and provided to each company employee. Touch 1 has a supervisory review process regarding compliance with 17 CFR 64.2009.

Requests for CPNI by law enforcement agencies are only granted if a subpoena or other appropriate documentation is provided, or if the customer provides written permission. Touch 1 maintains a record of all instances where CPNI is disclosed.
